## The War Savings Stamp Will Prove the Last Straw

(Placelike in Louisville Times)

### DRIVES DO NOT CONFLICT

Liberty Bonds and Thrift Stamps Supplement Each Other

No More Conflict in Two Campaigns Than Between Superdreadnoughts and Destroyers—Object of Both Is to Finance War.

Louisville, Ky.—Instead of the Liberty Loan campaign and the War Savings movement conflicting they really supplement each other.

The Liberty Loan campaign and the War Savings movement are no more rivals than the superdreadnoughts and the destroyers of our navy are rivals.

The Liberty Loan and War Savings Stamps are two forms of the same financial operation of the United States Government. They were authorized by the same vote of Congress and are intended to supplement each other. They are both of paramount importance to the financing of the war. The Liberty Loan campaign is primarily to obtain the many billions of dollars necessary toward paying the expenses of war and leading to our allies.

The peculiar significance of the War Savings movement is to teach the nation to save and to invest its savings in War Savings Stamps in order that the Government may not merely get money, but spend this money for the support of the army.

Successive Liberty Loan Bonds will be sold in campaigns at intervals. The War Savings campaign will last throughout the year—no doubt until the war is over. It aims to develop habits of thrift that shall make the sales of stamps cumulative. And the person of limited means who invests in a few War Savings Stamps does his share as well as the wealthier man who buys a quantity of Liberty Loan bonds. Millions who could not afford to invest in Liberty Bonds will be able and glad to help by investing in War Savings Stamps. The two campaigns are, in reality, but one—that of financing for victory.

### SCHOOLS DO GOOD WORK

Louisville, Ky., April 1, 1918.  
Mr. J. B. Mantle, Secretary Jefferson County War Savings Committee, 611 Columbia Building, Louisville, Ky.

My dear Mr. Mantle:

I have the honor to report to you that the War Savings Societies in Louisville public schools number 637. A few are yet to be organized. We have been in operation approximately three weeks, and during that time have sold Thrift Stamps and Baby Bonds amounting to \$11,541.99. I believe that every school has done its best, and that this work will continue at high speed throughout the year. The schools that have contributed \$500.00 or more are listed below:

Girls High School	\$2,628
George Rogers Clark School	839
Normal School	599
George W. Morris School	550
Longfellow School	519

We feel that special congratulations are due to the Girls High School with its amount totaling \$2,628, and to the George Rogers Clark School which leads the elementary schools of the city with a total of \$839. It is true that many of the smaller schools may have done quite as well if we consider the average amount sold. For the months of April we shall have computed the average amount sold on the basis of the average number belonging. This will make a fair comparison between all schools.

Yours truly,  
O. L. REID,  
Superintendent.

### BOURBON OUT IN FRONT

Blue Grass County Leads State in Thrift Stamp Drive

Chairman S. E. Bedford Has Made Fine Record and People Have Come Forward in Pleading and Commendable Way.

Paris, Ky.—A Bluegrass county, Bourbon, holds the record so far in Kentucky, also, population and quota considered, in the sale of Thrift Stamps and War Savings Stamps.

Chairman S. E. Bedford has reported to State Headquarters at Louisville that his organization has disposed of \$109,000 worth of stamps. Its quota is \$149,240, and the Bourbon organization is planning to have all of this amount either sold outright or pledged before the third Liberty Loan campaign is initiated in his section of Kentucky.

The Paris Kentuckian-Citizen, which is actively co-operating with Mr. Bedford and his organization in this great war activity, has the following article with reference to the campaign in Bourbon:

"Fifty-nine Bourbon county people have been enrolled in the one thousand dollar War Savings Stamp Club as a result of their subscribing for the maximum of stamps permitted by the United States Government.

"Other persons have liberally subscribed for War Savings Stamps in amounts from five to five hundred dollars each and as a result Chairman S. E. Bedford has disposed of more than one hundred thousand dollars' worth of War Savings Stamps through his working committees distributed in Bourbon county. 'Bourbon county's allotment of War Savings Stamps is \$149,240, and our people must hurry themselves a bit and subscribe quickly for the stamps remaining unsold.

"In the War Savings campaign Bourbon people, rich and otherwise, have come forward with their subscriptions to this gift edge investment in a most pleasing and commendable way, for all of which County Chairman Bedford and the members of the precinct committees are highly appreciative. However, the unsold War Savings Stamps must be sold before the next issue of Liberty Loan Bonds, which will be offered to the public in April.

Get busy you patriotic and liberty-loving people of Bourbon. Call on some member of the committee and buy liberally of the War Savings Stamps, the best and most desirable investment obtainable today. Do your duty now—don't wait until members of the County Committee, all busy business men, look you up to beg you to do your patriotic duty."

**HAVE A THRIFT POCKET**

A thrift pocket is a character builder—it tests your capacity to resist. You will find it as alluring as the penny bank you once had on the mantelpiece. Select the pocket—any one will do—and then select the coin. Suppose your "thrift coin" is a nickel. Every nickel you get goes into the thrift pocket. You can not borrow from the thrift pocket nor lend from it. Experience proves that it isn't wise even to make change from it, and that it is a failure if you are not honest, scrupulously honest, with it. Every time it gets over-heavy, put it into Thrift Stamps. Thrift Stamps are light.

# TAILOR'S WORK NOT HARD SINCE TAKING TANLAC

Well Known Louisville Man Tells How Tanlac Has Improved His Health.

"Tanlac has improved my health so much that I don't have any trouble at all getting through my day's work now," said W. T. Quigg, 1912 Owen street, Louisville, Ky.

"My stomach was all out of order before I took Tanlac. I had indigestion and there was a pain beneath my ribs constantly. I couldn't sleep over without suffering a lot of pain and, hard. I had a sore spot on my side of course that made my work pretty stomach most of the time, too. My stomach was in a soured condition.

"I read in the paper about how Tanlac had helped a brother-in-law of mine, so I started taking Tanlac. I've taken several bottles now, and I'm so much better that my friends are remarking about the change in me.

"The soured condition of my stomach is all gone now and all the bad feeling in my stomach has left. I'm feeling fine and it's no trouble for me now to get through my day's work."

If you are not feeling right get Tanlac today. You can get Tanlac at Wedding's Drug Store or any good Drug Store.

### Echoes From General Conference

The General Conference of the Southern Methodist church, which met in Atlanta, April 2nd, has been possibly the most radical of any in the history of American Methodism. Everybody felt it coming before they met. The address of laymen to the church, which was sent out some months ago, stirred the whole of Southern Methodism. The spirit of Democracy is abroad. They have dared to touch the creed and change the wording "Holy Catholic Church" to "Christ's Holy Church." Conservatism dropped behind when they gave woman full lay rights. These are Constitutional questions and will have to receive a two-thirds vote of the Annual Conference. They have dared to touch the Episcopacy and say that one bishop must make his residence for four years in the Circuit, and one for Latin America, and likewise those who preside over Conferences in America are to have them for four years, unless providentially hindered. They are to visit and preach around in each district of these Annual Conferences and then to give a report of their four year's work to the next General Conference. Any preacher may stay more than four years at a charge if the bishops and two-thirds of his cabinet think best. During the next five years they are expecting to raise some sixty million dollars for superannuated preachers, Education and Missions. Thirty-five of these will be for the latter. The church Conference has been given larger scope. The District and Annual Conferences have been materially changed by giving larger representation to the laymen and lay women. At the present writing the great question of unification has not been settled yet. There is a large sentiment in the Conference to the effect that the Southern church has done its part and now the Northern church must determine what they will do with the Negro.

### WOOL POOL SUSPENDED

On account of the Government not having made known its plans for taking over the wool clip the day of delivery at Irvington has been changed from 25th to a later date to be made known as soon as we get the official information.
